

Producer Statement – Goods

Company: The Designa Schist Company

Brand: Schist by Design

We confirm that the following goods supplied under the brand Schist by Design are manufactured to meet the requirements of the New Zealand Building Code (NZBC) when installed in accordance with our specifications and NZ Standards:

- Modular Schist Bricks & Blocks (3–5–4 system)
- Pre-formed Panels & Capping Stones
- Kit-set Entranceways & Feature Products

These goods are produced from natural New Zealand schist stone (or approved equivalent) under controlled manufacturing conditions. Testing and quality assurance confirm compliance with relevant NZBC provisions for structure (B1), durability (B2), external moisture (E2), and hazardous materials (F2).

When installed by suitably qualified tradespeople in accordance with NZS 3604, NZS 4229, NZS 4210, and our published installation guides, these goods are considered fit for purpose.
